

Dileep Kumar Balivada

Senior Quality Engineering Manager | AI-Driven Quality Transformation | Test Automation & Digital Assurance | Phone: +91 9966231994 | Email: mail2dileep@gmail.com

Experience Summary

Quality Engineering Leader with 20+ years of experience leading enterprise QA organizations, digital transformation programs, test automation initiatives, and large-scale release management. Extensive experience across BFSI, Digital Experience Platforms, CMS migrations, and regulatory systems. Proven track record of building high-performing QA teams, driving automation adoption, establishing quality governance, and leveraging AI to improve testing efficiency and business outcomes.

Career Snapshot

- Omnicom – 6+ Years | QA Manager / QA Lead (Currently working)
- Cognizant – 9+ Years | QA Manager / QA Lead
- AppLabs – 4+ Years | QA Automation Engineer / QA Engineer

AI & Innovation Leadership

- Built AI-powered web application for site wide accessibility testing and WCAG 2.1 AA compliance validation.
- Leveraged Figma and Playwright MCP for UI vs Figma validation.
- Implemented Atlassian Rojo AI workflow automation to streamline QA operations.
- Built automation accelerators for Adobe EDS migrations to validate hundreds of migrated pages and identify content inconsistencies.
- Leveraged OpenAI and MCP-based solutions for test generation, validation, and quality engineering use cases.
- Promoted AI-assisted testing practices and evaluated emerging AI tools for enterprise adoption
- Extensively leveraged Generative AI for manual validation in different projects
- CI/CD integration of Leap work automation framework with Adobe Cloud Manager

Strategic Leadership

- Quality Engineering Transformation
- AI Adoption Strategy
- Test Automation Governance
- Release Readiness Management
- Digital Transformation
- Quality Metrics & Reporting
- Team Building & Mentoring

Key Achievements

- Led QA teams of up to 30+ engineers across global delivery programs.
- Directed quality initiatives for Mercedes-Benz USA, American Express, Equinix, Wrench Group, and ServiceKing.
- Delivered multiple AEM and Drupal migration programs with enterprise-scale validation frameworks.
- Built AI-powered quality accelerators that significantly reduced manual validation effort.
Established automation-first quality engineering practices using Selenium, Playwright, and Leapwork.

Professional Experience

CPS Energy | QA Manager | Aug 2025 till date

- Defined quality strategy for AEM Cloud migration and Adobe Edge Delivery Services implementation.
- Developed enterprise-scale content validation accelerators for Adobe EDS.
- Conducted training for development and UAT teams on Adobe EDS block architecture and Universal Editor.
- Established quality gates for migration readiness and production deployment. Partnered with business, engineering, and content teams to ensure migration success.

Mercedes-Benz USA | QA Manager | Dec 2022 – Jun 2025

- Lead Quality Engineering for digital platforms supporting monthly releases.
- Own test strategy covering functional, automation, accessibility, and non-functional testing.
- Drive automation initiatives using Playwright, Selenium, and Leapwork.
- Lead defect governance, RCA, UAT support, and stakeholder engagement.
- Champion AI-driven quality engineering initiatives.

Wrench Group, Equinix & ServiceKing | QA Lead | Apr 2020 – Nov 2022

- Led QA strategy and execution for AEM and Drupal migration programs.
- Managed test planning, automation adoption, UAT coordination, and release readiness.
- Partnered with business and engineering teams to ensure successful platform migrations.

American Express | QA Manager / QA Lead | Jul 2010 – Oct 2019

- Managed quality delivery across Regulatory Reporting, Network Modernization, Content Migration, and Loyalty platforms.
- Led Agile teams, test strategy, automation reviews, stakeholder management, and defect governance.
- Oversaw data validation, integration testing, performance testing, and enterprise quality processes.
- Provided leadership for distributed QA teams supporting critical financial systems.

Navteq | QA Automation Engineer | Sep 2007 – Jun 2010

- Designed automation frameworks, reusable test assets, and regression suites.
- Developed SQL validation utilities and supported release quality initiatives.

Premiere Global Services | QA Engineer | Jul 2005 – Aug 2007

- Performed functional testing, defect management, test design, and team coordination activities.

Technology & Tools

- **AI:** OpenAI, Atlassian Roovo, MCP
- **Automation:** Playwright, Selenium, Leapwork, IBM RFT
- **Languages:** Python, Java, SQL, Unix Shell Scripting
- **Platforms:** Adobe Experience Manager (AEM), Drupal, Oracle OFSAA
- **Tools:** Jira, Azure DevOps, Rally, HP ALM
- **Performance:** JMeter, LoadRunner

Education & Certifications

- Bachelor of Technology (Computer Science Engineering)
- ISTQB Certified
- AEM Business Practitioner
